

Professional Development Fund Grant Information

I. HISTORY

For over 10 years, the Maryland Police and Correctional Training Commissions (MPCTC) staff has administered the Professional Development Fund (PDF). The Fund was added as a line item to the Department of Public Safety and Correctional Services' budget to allow for grants to be awarded to public safety entities. The Fund has been administered, since its inception, by staff of the MPCTC.

The intent of the Fund is to provide money for programs that are not able to be funded by agencies or departments. The total amount to be awarded to both police and corrections agencies is \$50,000. When completing your application, please consider how the funds will be utilized to reach as many trainees/participants as possible. Examples of past awards include conferences, specialized training, and equipment. All funds expended are expected to further the professional development of the recipients.

II. PURPOSE

The Maryland Police and Correctional Training Commissions' (MPCTC) Professional Development Funds are used to support the development and implementation of outstanding training initiatives, research, and program development in the field of public safety.

The fund enables public safety professionals to provide and/or participate in evidence based programs or newly emerging training at little or no cost to the applicant. The benefits of funding training initiatives include the development of and implementation of programs, developing a cadre of trainers, and purchasing equipment.

The fund allows Maryland public safety agencies to remain current on training, in the use of technology, and to benefit from other innovative techniques in public safety. The disbursement of this fund will assist in the professional development of police and corrections personnel with a focus on the enhancement of public safety services to the citizens of Maryland.

The following may be funded through the PDF Grant:

- Development of a training program, by a public or private vendor, that addresses a specific topic or need for Maryland public safety agencies.
- Contractual services with training providers who will bring specialized training to Maryland public safety professionals.
- Attendance at professional conferences by Maryland public safety professionals.
- Attendance (travel, per Diem, registration costs, hotel, etc.) at professional development training programs or conferences to include training for trainers in an area of specialization.
- Purchase a commodity (i.e. specialized equipment that supplements existing equipment) or a service that would contribute to professional development.
- Other services, training, and/or equipment purchases as approved by the PDF Board.

Professional Development Fund Grant Information

- Funding will be granted to those applicants demonstrating strict adherence to the established criteria.

Funding may not be used to pay for:

- Tokens/gifts for attendees.
- Catering.
- Other miscellaneous items that do not pertain to professional development.

III. APPLICATION

To apply for a Professional Development grant, the applicant must be a client agency of the Maryland Police and Correctional Training Commissions or a professional organization such as Maryland D.A.R.E. Officers Association (MDOA) or Maryland Criminal Justice Association (MCJA) that provide direct assistance to and are committed to supporting Maryland Public Safety agencies as part of their mission. Applications are available on the mdle.net website.
