Course Description

Safe TALK is a half-day alertness training that prepares anyone 15 or older, regardless of prior experience or training, to become a suicide –alert helper. Most people with thoughts of suicide don't truly want to die, but are struggling with the pain in their lives. Through their words actions, they invite help to stay alive. Safe TALK trained helpers can recognize these invitations and take action by connecting them with life-saving invitations and take action by connecting them with life-saving intervention resources, such as caregivers trained in ASSIST.
