In recognition of the important role that crime prevention plays in the reduction and control of crime in Maryland, the Annual Governor's Crime Prevention Awards Program was created in 1980.

The purpose of this program is to recognize those citizens, community groups, law enforcement agencies, and law enforcement officers who have made outstanding contributions to the furtherance of crime prevention in their departments and communities.

The Governor's Crime Prevention Awards Co-sponsors would like to extend congratulations to all recipients of the 41st Annual Governor's Crime Prevention Awards. It is our sincere hope that these awards will serve as a testament to the outstanding contributions they made to the advancement of crime prevention and community policing, thus helping to make Maryland safer, enjoyable, and more welcoming.

Adherence to Coronavirus protocols and continued health and safety concerns for all Marylanders have mandated the suspension of the usual Awards Luncheon and in-person ceremony for 2020. Therefore, a much scaled back recognition program has been devised so that the State may still show its appreciation with the first of its kind virtual presentation of awards to deserving recipients.

A big thank you to Sarah Chatfield and Lewis Pindell of MPCTC for recording the virtual ceremony. The event Video and booklet will be available at <https://mdle.net>
